WHO WE ARE

The independent choice in the industry

When our company was founded in 1991, we named it Anlev, which stands for "A New Lift and Escalator Vision". Our idea was to provide an independent alternative for governments, communities, developers, architects and store owners worldwide.

Today, with more than 30 years of experience, we offer a complete range of high-quality, safe

and energy-efficient lifts, escalators and moving walkways, serving satisfied customers in all six continents.

As an independent company, Anlev is able to source the most suitable components for our customers openly, in order to provide the best solution for their unique needs.

独树一帜 来自独立供应商的优质解决方案

Anlev成立于1991年，公司名称寓意“电梯和自动扶梯新视野”（A New Lift and Escalator Vision）。我们的理念是为世界各地的政府、社区、开发商、建筑师和业主提供独立解决方案。

如今，凭借30多年的经验，我们提供品类齐全、安全节能的高品质电梯、自动扶梯和自动人行道，为全球六大洲客户提供优质服务。

作为一家独立公司，Anlev能够根据客户的独特需求，公开透明地采购合适的组件，为客户提供出色的解决方案。

Le choix indépendant du secteur

Lorsque notre société a vu le jour en 1991, nous l'avons baptisée Anlev, pour « A New Lift and Escalator Vision », ce qui signifie « Une nouvelle approche des ascenseurs et des escalators ». Notre idée consistait à proposer une alternative indépendante aux gouvernements, aux communautés, aux promoteurs, aux architectes et aux propriétaires de magasins du monde entier.

Aujourd'hui, forts de plus de 30 années d'expérience, nous proposons une gamme complète d'ascenseurs, d'escalators et de tapis roulants de haute qualité, sûrs et peu énergivores, pour la plus grande satisfaction de notre clientèle sur les six continents.

En tant que société indépendante, Anlev est en mesure de trouver les composants les plus appropriés de manière transparente, afin de fournir à nos clients la meilleure solution pour leurs besoins uniques.

La mejor elección independiente del sector

Fundamos nuestra empresa en 1991 bajo el nombre de Anlev, que es un acrónimo de «A New Lift and Escalator Vision» (Una nueva visión para ascensores y escaleras mecánicas). Nuestro principal objetivo consistía en ofrecer una alternativa independiente a gobiernos, comunidades, promotores, arquitectos y propietarios de establecimientos a nivel mundial.

Actualmente, nuestros más de 30 años de experiencia nos permiten ofrecer una completa gama de ascensores, escaleras mecánicas y pasillos rodantes de alta calidad, seguros y energéticamente eficientes, y prestar servicio a clientes satisfechos en los seis continentes.

Como empresa independiente, Anlev suministra los componentes mejor adaptados a las necesidades exclusivas de nuestros clientes, distinguiéndonos como la mejor solución.

La scelta indipendente nel settore

Fin dalla nascita nel 1991, abbiamo chiamato la nostra azienda Anlev, che è un acronimo di: "A New Lift and Escalator Vision" (Una nuova visione nel mondo degli ascensori e delle scale mobili). La nostra idea era quella di fornire un'alternativa indipendente per strutture pubbliche e private costruttori edili, architetti e distributori in tutto il mondo.

Oggi, forti della nostra esperienza pluri-trentennale, offriamo una gamma completa di ascensori, scale mobili e tappeti mobili di eccellente qualità, sicuri ed efficienti dal punto di vista energetico, servendo clienti in tutti e sei i continenti. Il risultato? Soddisfazione a 360° gradi.

In qualità di marchio indipendente, Anlev è in grado di supportare i clienti nella scelta dei componenti più adatti alle applicazioni specifiche, con l'obiettivo di fornire la soluzione migliore per ogni singola esigenza.

الاختيار المستقل في الصناعة

عندما تأسست شركتنا في عام 1991، أطلقنا عليها اسم "Anlev"، وهو اسم مختصر لعبارة "A New Lift and Escalator Vision". كانت رؤية جديدة للمصاعد والسلام المتحركة". كانت فكرتنا هي توفير بديل مستقل للحكومات، والمجتمعات، والمطورين، والمهندسين المعماريين وأصحاب المتاجر في جميع أنحاء العالم.

وحتى الآن، مع اكتساب أكثر من 30 عامًا من الخبرة، نقدم مجموعة كاملة وشاملة من المصاعد، والسلام المتحركة والممرات المتحركة عالية الجودة والأمن والموفرة للطاقة، ونخدم العملاء الراضين في جميع القارات الست.

وبصفتنا شركة مستقلة، فإننا قادرين على توفير المكونات الأكثر ملاءمة لعملائنا بشكل واضح.

WHY WORK WITH US

A total solution from one source

Anlev offers a total solution from one source, specialising in:

- Design and customisation
- Manufacturing
- Sales and installation
- Modernisation and refurbishment
- Maintenance

一站式解决方案

Anlev提供一站式解决方案，专注于：

- 设计和定制
- 生产
- 销售和安装
- 现代化改造和整修
- 维护

Une solution globale, une même provenance

Anlev offre une solution complète avec un interlocuteur unique, grâce à sa spécialisation dans les domaines suivants:

- Conception et personnalisation
- Fabrication
- Commercialisation et installation
- Modernisation et remise à neuf
- Maintenance

Una soluzione completa, da una sola fonte

Una soluzione completa, da una sola fonte, con questi servizi:

- Design e personalizzazione
- Produzione
- Vendita e installazione
- Ammodernamento e ristrutturazione
- Manutenzione

حلول شاملة من مصدر واحد

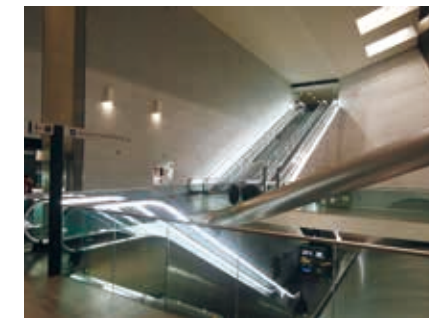

تُقدِّم شركة "Anlev" حلولاً شاملة من مصدر واحد، متخصص في:

- التصميم والتخصيص
- التصنيع
- المبيعات والتكيب
- التحديث والتجديد
- الصيانة

Soluciones integrales de un único proveedor

Como proveedor, Anlev ofrece soluciones integrales especializadas en los siguientes aspectos:

- Diseño y personalización
- Fabricación
- Venta e instalación
- Modernización y renovación
- Mantenimiento

A complete range of products and services

Anlev's complete range of products covers lifts, escalators and moving walkways. All of our products meet stringent safety and environmental protection demands.

- Medium-speed traction lifts with machine room
- Medium-speed traction lifts, machine room-less (MRL)
- High-speed lifts
- Deluxe lifts
- Cargo lifts
- Vehicle lifts

- Offriamo una gamma completa di prodotti adatti a tutti i settori di mercato.
- Vantiamo una forte presenza globale che serve clienti in tutti i continenti.
- Ci impegniamo per raggiungere la soddisfazione del cliente a 360°.

“Anlev” مزايا

- نضع أنفسنا في طليعة التكنولوجيا والابتكار
- مُنتجاتنا موفرة للطاقة وصديقة للبيئة
- لا نستخدم سوى المواد والمكونات عالية الجودة
- طوال عملية التصنيع والتركيب
- المنتجات مصنوعة خصيصاً لتوفير أعلى مرونة ممكنة لعملائنا
- نُقدم مجموعة كاملة من المنتجات المناسبة لجميع قطاعات السوق
- لدينا حضور عالمي قوي يخدم العملاء في جميع القارات
- نلتزم بإرضاء العملاء التام

A designer's dream lift

State-of-the-art technology meets luxury design in high-end fashion stores, residential and commercial buildings and private homes, providing personalised lifts and solutions built around fashion, design and elegance.

设计师的“梦想之梯”

先进技术融入高端时装店、住宅大楼、商业建筑以及私人住宅的奢华设计中，造就设计精巧、时尚高雅的个性化电梯及相关解决方案。

Un ascenseur rêvé des designers

Pour les magasins de mode haut de gamme, les immeubles résidentiels, les centres commerciaux et les maisons privées, la technologie de pointe rencontre le design de luxe avec des ascenseurs et des solutions personnalisées élaborées autour de la mode, du design et de l'élégance.

Ascensores soñados por diseñadores

La tecnología más vanguardista se funde con el diseño de lujo en las tiendas de las mejores firmas de moda, edificios residenciales y comerciales y en viviendas particulares, permitiendo al usuario disfrutar de ascensores personalizados y soluciones ideadas en torno a la moda, el diseño y la elegancia.

Un ascensore da sogno per i progettisti

La tecnologia all'avanguardia incontra il design di lusso nei negozi di moda di fascia alta, negli edifici residenziali e commerciali e nelle abitazioni private, fornendo ascensori e soluzioni personalizzate costruite intorno alla moda, al design e all'eleganza.

تصميم مصاعد الأحلام

ندمج بشكل مثالي بين أحدث التقنيات والتصميمات الفاخرة التي تلبي احتياجات متاجر الأزياء الراقية، والمباني السكنية والتجارية والمنازل الخاصة، كما نوفر مصاعد وحلول مخصصة تتمحور حول الموضة والتصميم والأناقة.

WHY WE DIFFER

Independent

Anlev Elevator Group is a global independent lift and escalator company with access to the finest component suppliers in the industry and with its own factory facilities based in Nanjing, China. Being an independent manufacturer means that our customer gets greater flexibility, faster service and lower costs. We are proud to offer such long-term value.

Supplier flexibility, multiple options

Our equipment is 100 per cent made on our design, production, production technology – which means it can be either serviced by us or by a third-party partner appointed by us. As flexible supplier we can offer tailor made solutions and guarantee long service support.

Lower life-cycle costs

Our systems have lower total life-cycle costs compared with competitors, thanks to reduced need for maintenance, the use of standard components, advanced control systems and highly efficient electrical drives and traction machines. Our predictive maintenance technology collects different types of data from the equipment, allowing for real-time, continuous monitoring and detection of potential issues.

Global presence, local expertise

With a network of subsidiaries, worldwide distributors, suppliers and other close partners, Anlev has a global reach that covers all six continents. From our home base in Hong Kong SAR, we have more than 30 years of experience of designing, customising, manufacturing, installing and servicing lifts and escalators worldwide.

Thirty years' experience encompasses all phases of vertical transportation systems in both new and existing buildings. Since our inception in the early 1990s, our mission has been to introduce services in new construction, modernisation and maintenance for all types of lifts, escalators and other systems under one roof.

Highest level of safety and quality performance

Since 2013, when the quarterly Contractors' Performance Rating (CPR) of registered lift and escalator contractors was launched by the Hong Kong SAR's Government, Anlev has received the highest 6-star rating in safety and total quality management quarter after quarter, representing our strengths in terms of commitment to safety and high quality. To Anlev, everyone counts.

Advanced destination control

Busy traffic and long travel times to destination floors can often be annoying for lift passengers. Our innovative Destination Dispatching System is a technology that can boost traffic and manage people flow. The system reduces waiting times during peak hours and contributes substantially to energy savings.

PROJECT HIGHLIGHTS

EUROPE

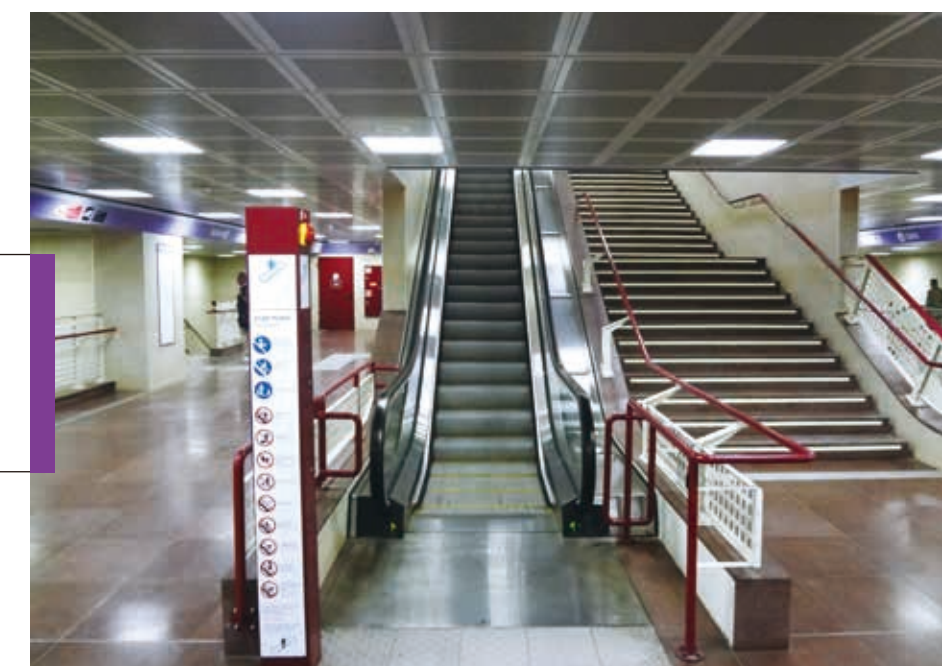

Brescia Metrobus, Italy

Anlev has supplied escalators for 11 stations at a driverless light metro line in the Italian city of Brescia. The line transports around 25 million passengers annually.

Milano Metro Line 5, Italy

Milano Metro Line 5 was Italy's first underground rail project to be financed through a public and private partnership. Anlev delivered and installed escalators for all nine stations on the line.

E U R O P E

Treviso Airport, Italy
Treviso Airport, close to Venice, is one of the busiest airports in Italy since Venice is a huge tourist attraction. Anlev has provided escalators for the airport.

TEB Borgo Palazzo, Bergamo, Italy
Anlev has supplied escalators to the Borgo Palazzo railway station in the city of Bergamo, Italy.

E U R O P E

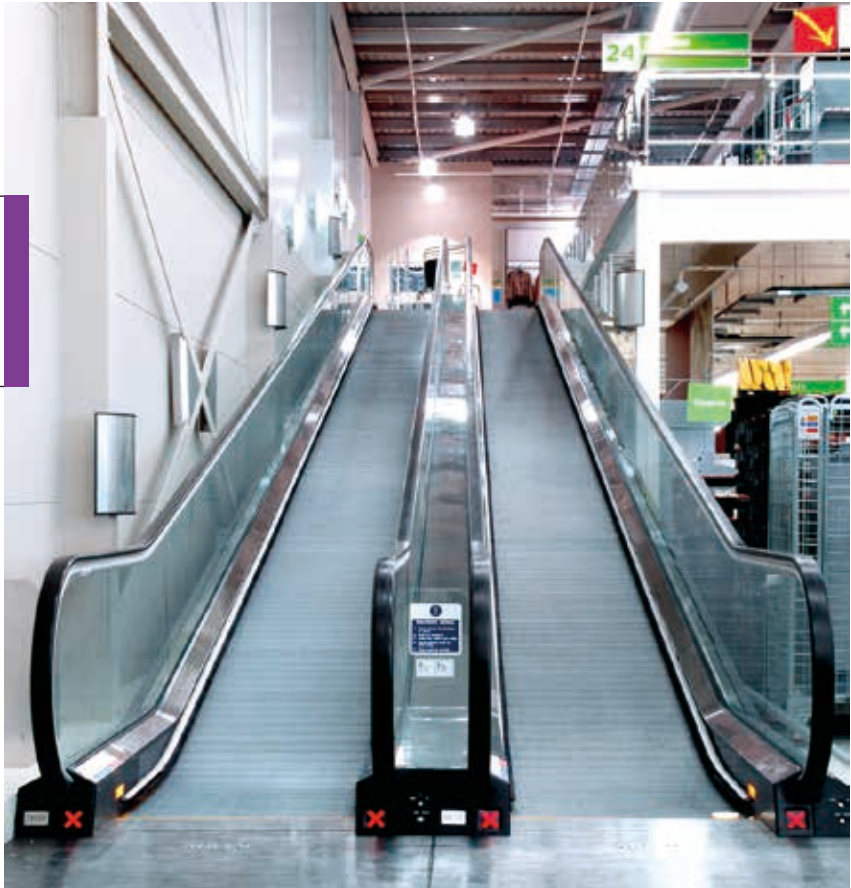

Sainsbury's, United Kingdom
Sainsbury's is one of the top three supermarket chains in the UK. Anlev has supplied moving walkways to their store in the cathedral city of Lincoln.

EUROPE

ASDA Supermarkets, United Kingdom

ASDA is the biggest supermarket chain in the UK. Anlev has delivered moving walkways to many of its stores in the UK, including one 50-metre walkway.

Tesco, United Kingdom

Tesco is one of the leading supermarket companies in the world. Anlev has provided moving walkways to their superstore in Havant on the south coast of England.

NORTH AMERICA

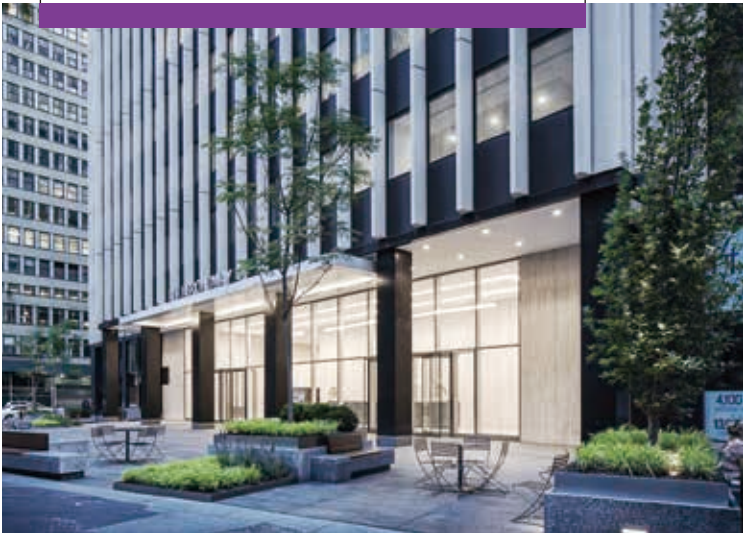

Waldorf Astoria, New York City, USA

It is one of the world's most prestigious and best-known hotels and was also the city's first skyscraper hotel. During the hotel's renovation, a large number of passenger lifts and service lifts were installed and several more were modernised.

1411 Broadway, New York City, USA

This 40-storey tower is located in the Garment District of Manhattan and is a premier location for leading fashion centre tenants in New York. A large number of passenger lifts and some service lifts were modernised.

Hunters Point, New York City, USA

Hunters Point is a lively contemporary-art hub, home to leading-edge institutions, located in the New York City borough of Queens. Passenger lifts were installed in both the North and South Towers as well as a service lift. Anlev's associate, TEI, worked with TF Cornerstone on this project.

NORTH AMERICA

590 Madison Avenue, New York City, USA
590 Madison Avenue, also known as the IBM Building, is a 41-storey business tower, shaped like an irregular pentagon, in the prestigious Midtown Manhattan. The project included a big lift car modernisation.

Carnegie Hall Tower, New York City, USA
Carnegie Hall Tower is a skyscraper in Midtown Manhattan and close to one of the most prestigious venues in the world for both classical music and popular music. Several lifts in the building were installed.

660 Fifth Avenue, New York City, USA
This 41-storey office tower in Midtown Manhattan was built in the 1950s and renovated in the 2020s. As part of the renovation the passenger and service lifts were modernised and a destination-based dispatch system was installed.

NORTH AMERICA

PUBLIC Hotel, New York City, USA
To this sophisticated luxury hotel located on Manhattan's Lower East Side, Anlev delivered escalators that *The Telegraph* described as "disco-meets-space-age" and they have become an iconic trademark for the hotel.

NORTH AMERICA

Columbia University, Manhattanville Campus, New York City, USA
Columbia University is a private Ivy League research university and the oldest institution of higher education in New York. A large number of elevators have been installed.

Owensboro Convention Center, USA
This multi-purpose convention centre in downtown Owensboro along the Ohio River is western Kentucky's premier meeting space. Anlev has provided escalator units.

Emerald Park, Toronto, Canada
Emerald Park is an elegant two-tower residential condominium complex that also includes retail stores and offices. Anlev has delivered escalators to this complex.

Kings Club, Toronto, Canada
Kings Club in downtown Toronto is a 1.2 million square feet development which consists of three residential towers and two levels of commercial retail podium. Anlev delivered the escalators.

LATIN AMERICA

Catehua, Monterrey, Mexico
Monterrey in north-eastern Mexico is the third largest city in the country. Catehua is a mixed-use complex development which consists of apartments, offices, a shopping plaza and a recreation area. Anlev has delivered several lifts and an escalator.

Pinheiros and Faria Lima stations, São Paulo, Brazil
Pinheiros and Faria Lima are metro stations on Line 4-Yellow of the Brazilian São Paulo Metro, operated by ViaQuatro. Anlev has delivered several heavy-duty escalators and a lift to these stations.

ASIA - P A C I F I C

Melbourne Airport, Terminal 2 expansion, Australia
Melbourne Airport undertook the largest upgrade of its international terminal (T2) since the airport was built in the late 1960s. Anlev supplied escalators and moving walkways.

Metro Trains Melbourne, Australia
Anlev delivered escalators for Clayton, Noble Park, Murrumbeena, Carnegie and Hughesdale railway stations.

ASIA - P A C I F I C

AIA Financial Centre, Hong Kong SAR
Anlev has delivered escalators, passenger lifts and a cargo lift to this East Kowloon 28-storey office building.

Hong Kong Palace Museum, Hong Kong SAR
Located in the West Kowloon Cultural District, this museum presents over 900 treasures from the Palace Museum in Beijing. It opened in 2022 and has quickly become a new world-class cultural landmark in the city. Anlev won the contract for design, supply and installation of a heavy-duty lift for the smooth conveyance of the priceless art treasures.

ASIA - PACIFIC

ASIA - PACIFIC

Central to Mid-Levels Escalator and Walkway System Refurbishment, Hong Kong SAR
This series of 16 escalators and 3 inclined moving walkways is both a tourist attraction and a commuter service for residents. It is also **the longest outdoor covered escalator system in the world**. From 2018 to 2022, Anlev undertook a major refurbishment of the whole system which was awarded first place in *Elevator World's* "2021 Project of the Year" contest.

Ho Man Tin Station, Hong Kong SAR
The Mass Transit Railway (MTR) is a major public transport network serving Hong Kong SAR. Ho Man Tin Station is one of the new stations in the MTR's newly developed line extension. Anlev delivered and installed escalators for the station.

ASIA - P A C I F I C

Run Run Shaw Creative Media Centre, Hong Kong SAR
This is an academic building on the campus of the City University of Hong Kong in Kowloon Tong. Anlev has delivered and installed passenger lifts, a freight lift and lifting platforms.

ASIA - P A C I F I C

Puzzle-Stacking System Car Park, Hong Kong SAR
Leveraging its Smart Mobility capabilities and expertise, Anlev built Hong Kong SAR's first puzzle-stacking car park by converting a conventional outdoor parking space for 30 cars into a 3-storey high system which provides 78 automated parking spaces. The driver only needs to park the car at a designated position and the platform will automatically move the car vertically or laterally to a vacant parking space.

Ocean Park Redevelopment, Hong Kong SAR
Ocean Park is Hong Kong SAR's unique resort destination with a heritage of delivering family fun and fond memories while connecting people with nature. It has gained consistent recognition for its animal husbandry, conservation and education work, extraordinary experiences as well as its relationship with the community. Anlev supplied escalators and lifts to the redevelopment of the park.

ASIA - P A C I F I C

Dongtan Station, South Korea
Dongtan Station is one of the stations of the newly built high-speed railway network in South Korea. Anlev delivered the escalators to the station.

Gimpo Metro Line, South Korea
Anlev delivered escalators for the Gimpo Metro Line.

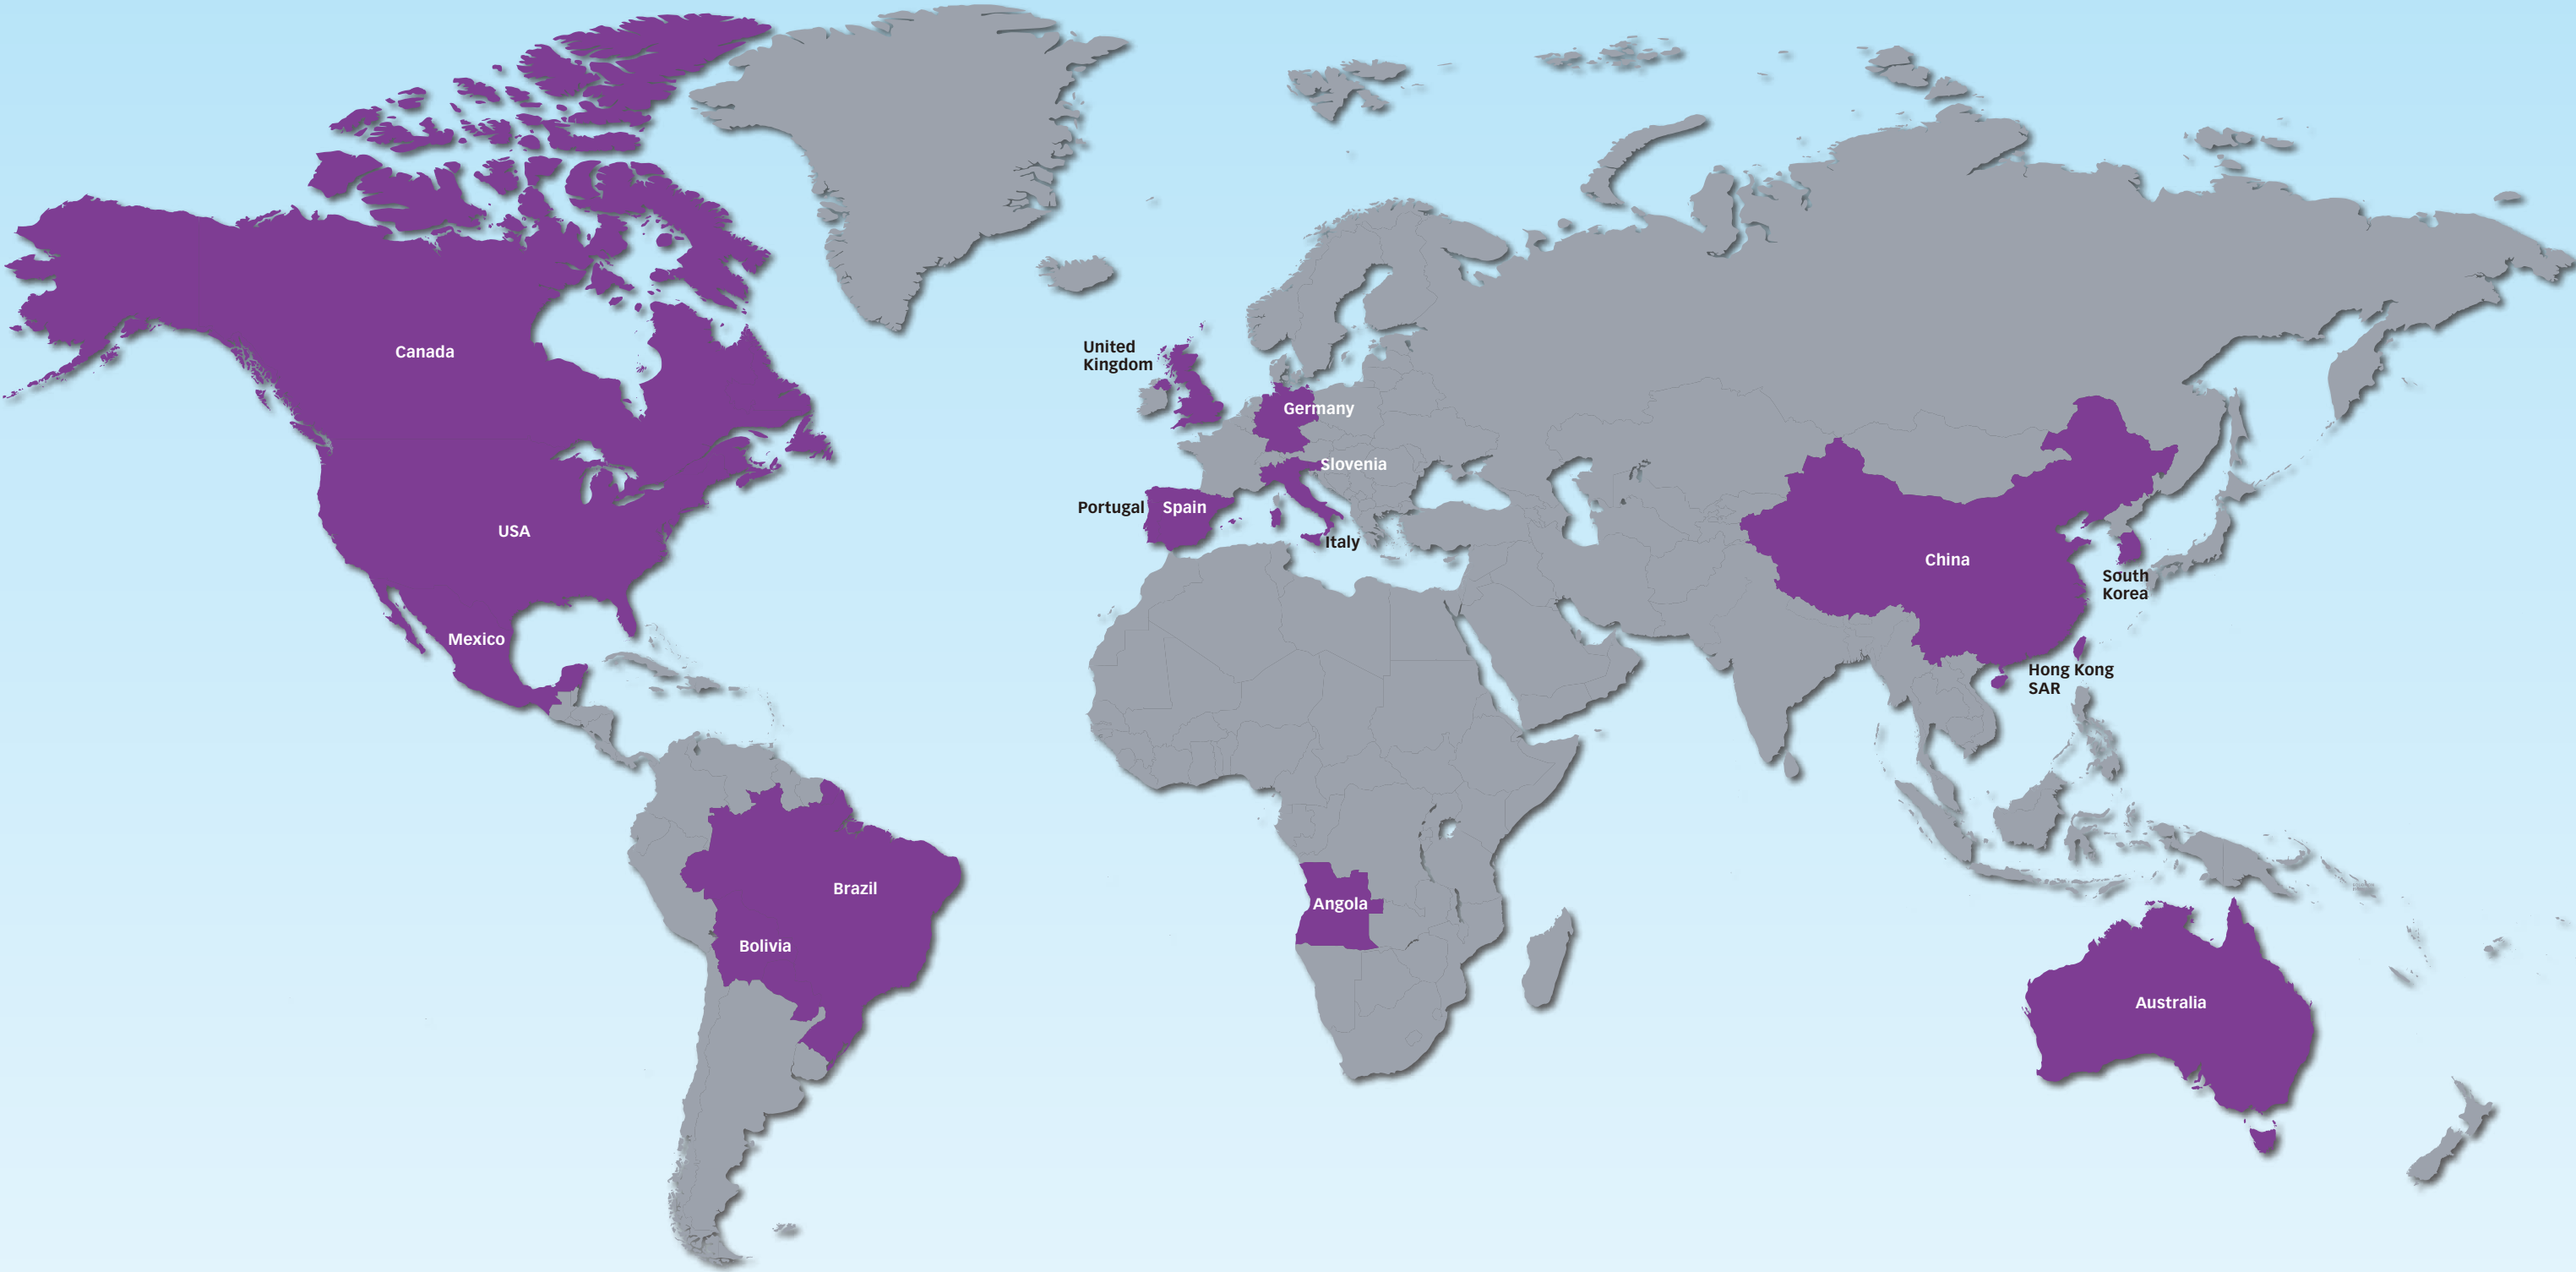

ASIA - P A C I F I C

Songjeong Station, Gwangju, South Korea
Anlev has delivered and installed escalators for this station on the South Korean national high-speed KTX railway network.

Gastown Shopping Mall, Hengyang, Hunan, China
Gastown is one of the biggest shopping malls in Hunan province. Anlev has delivered and installed the escalators.

A STRONG GLOBAL PRESENCE

Anlev Elevator Group is moving people and goods all over the world. Anlev is designing, manufacturing, installing and servicing lifts, escalators and moving walkways for many millions of people in all continents.
